

July 2016 The T-shirt Story

Kristen met Connor Frizzelle in July of 2016 in Austin at a river rafting party. After only a few weeks of dating, Connor was talking to his parents about how great Kristen was, how she loved the Lord, she was so beautiful inside & out and he thought she was "the one" for him. So his mother, Sherry, said "Let's pray and ask God to confirm with you and give you a sign and mark her if she is "the one" for you.

A few days later, Connor was over at Kristen's house. She was wearing a t-shirt that she got from a friend of hers during a sleep-over 10 years ago. It was one of her favorite old shirts to wear. When Connor saw it, he said, "Wait, that's my t-shirt! Where did you get that?" She told him her story about it.

He said, "That's the special T-shirt that was made for my Red Oak School basketball team when we won district! I was the starting guard. Look on the back of the shirt. All of the players names are on it. My name is on it."

Sure enough, Kristen turned it around. His name was right in the middle, at the top, Connor Frizzelle, #14.

She had been wearing his name on her back for 10 years without even knowing about it. This was Connor's sign from God that Kristen was "the one" for him.

He later told me that this was day 5 of a 10 day fast and only 3 days after his mom prayed for the sign from God. He somehow got the shirt from Kristen and framed it. He surprised her and gave it to her for Valentines Day a week ago.

New Year's Eve – 2016 Kristen engaged to Connor Frizzelle. He proposed on University of Texas campus in front of the tower & the historic Littlefield Fountain. Here's the love birds last Christmas.
